FATALITY AT CERRO MATOSO

South32 regrets to inform that José Luis Pérez, a contractor with GRUPO HE, working at our Cerro Matoso nickel operation in Montelíbano, Colombia, was fatally injured on 17 September 2024.

We would like to express our sincere and deepest sympathies to Mr Pérez's family. We are providing support and counselling to help them through this difficult time, as well as supporting the Cerro Matoso team.

An investigation into the incident is underway and we are engaging with the relevant authorities.

About us

South32 is a globally diversified mining and metals company. Our purpose is to make a difference by developing natural resources, improving people's lives now and for generations to come. We are trusted by our owners and partners to realise the potential of their resources. We produce commodities including bauxite, alumina, aluminium, copper, silver, lead, zinc, nickel and manganese from our operations in Australia, Southern Africa and South America. We also have a portfolio of high quality development projects and options, and exploration prospects, consistent with our strategy to reshape our portfolio toward commodities that are critical for a low-carbon future.
